"Thirteen" and a "Bit."

A "thirteen" in money was a small coin in circulation in Ireland in the early part of the nineteenth century, equivalent in value to thirter pence, and was known locally as a "thirteen." A "bit" in money means any name of a small West Indian coin, the United States there was formerly and 25 cents represents "two bits."

NEW BELLE OF WHITE HOUSE.

Helen Herron Taft Will Be Popular in Washington.

Helen Herron Taft has followed in her father's footsteps in choosing her most intimate friends in Washington from the "army set." What Gen. Bell and Gen. Clarence Edwards are to the new president, young ladies like Miss Ayleshire and Miss Webster are to his only daughter.

At the same time she has formed close friendships at school, and these ues are bringing Miss Taft an ever-increasing number of invitations to devote her vacations to house parties, and will result in the presence of many youthful residents of many diffe ent cities when the time comes for Miss Taft to make her debut in the White House-something for which Mrs. Taft has as yet planned but ten tatively.

The newly chosen first lady of the land expects her only daughter to become a White House debutante, of course, but she has also expressed the hope that this social inaugural can be deferred for a year or two, principally because the new president, who is vasily proud of his brilliant and studious daughter, will be disappointed if she does not fulfill the promise made at her entry, when, as mentioned, she won the prize for highest honors in the entrance examinations.

The new White House belle is, like her mother, a member of the Episcopal church. She was reared in the atmosphere of that denomination, almost her first schooling, save for that of German and English tutors, having been obtained at the Cathedral School for Girls.

She was confirmed by the late Bish small coin, as a four-pen / bit, a op Satterlee in a class that also in-six-penny bit. Medicine in the Sea.

The sea, according to certain scientists, can furnish not only nourishment, but medicine. A distinguished French practitioner prescribes the drinking of sea water as a cure for diabetes, the water being aerated in order to remove its impurities and, to some extent, its nauscous flavor. It has also been administered with success in cases of bronchitis and pleurisy. Experiments carried out on consumptive patients show that subcutaneous injections of sea water are beneficial, at all events in the early stages of tuberculosis. Bread made with sea water is said by those who have tried it to be most appetizing and nourishing. ---

Get plenty of sleep. Nothing lines. the face like nights of wakefulness.

Keep mentally alert. An intellectual back number adds years to her seeming age. Nothing makes for youth like a young mind, save perhaps a young heart.

Don't let yourself get sluggish and indifferent. Here is where the benefit of massage, physical culture and a vital interest in life comes in.

Don't let your face reflect every perplexity. The woman who keeps young need not wear a mask, but she should guard against the so-called "speaking countenance," if she does not want a fine crop of wrinkles.
